Humanism was the major intellectual movement of the Renaissance. In the opinion of the majority of scholars, it began in late-14th-century Italy, came to maturity in the 15th century, and spread to the rest of Europe after the middle of that century. Humanism then became the dominant intellectual movement in Europe in the 16th century.
Bibliographies
During the Renaissance, Humanism played a major role in education. Humanists —proponents or practitioners of Humanism during the Renaissance—believed that human beings could be dramatically changed by education. The Humanists of the Renaissance created schools to teach their ideas and wrote books all about education.

Education and Humanism | Western Civilization
Humanism meant replacing Medieval Latin and Greek with their literary forms from Antiquity. Humanism rejected the Scholastic's gullible, unquestioning acceptance of ancient (and often faked) texts. Scholastics tended to construct sterile rational arguments using quotations from ancient writings without regard for context.
